REGISTERED MAIL - RETURN RECEIPT REQUESTED

AUG 19 1958

Subject: Contract No. RD-155, Task Order No. 1**Reference: (a) Your letter of August 8, 1958
(b) AAInc. letter of July 8, 1958**

25X1

By the letter of Reference (a) your office transmitted four copies of Task Order No. 1 under the subject contract. This task order has been reviewed and is acceptable to this contractor. The original and two copies of the letter have been signed to indicate our acceptance and are returned herewith. The remaining copy has been retained for our file.

During review of this task order it was discovered that the delivery schedule for the additional modification kits was mis-stated in our letter of Reference (b). Due to a typing error, delivery was quoted as "one (1) month after acceptance of the first kit." Our letter should have read, "one (1) per month after acceptance of the first kit."

Although it will cause us considerable difficulty, we believe that the delivery schedule set out in the task order can be met. However, if your schedule for this program will permit, we would appreciate a modification of the delivery requirement allowing us four months after approval of the first kit for fabrication and delivery of the additional four units. If this is not possible, please be assured that we will make every effort to deliver the additional four kits within the quoted time.

25X1

Sincerely yours,

25X1

Vice President & General Manager
